Narayana Moolya(55),a construction labourer had a fall from the 3rd floor of an under construction building, resulting in waist and leg injuries that made him dysfunctional and constantly ill. The tiled, mud plastered house they had constructed without proper foundation 17 years ago on a government site is in a dilapidated condition and may collapse any time. She requires urgent assistance to build a small, secure house.

We request concerned and compassionate donors to kindly extend their hand in this noble task of assisting a helpless lady to have a home, where she can live without fear and call her own.
