Annu (43 yrs), is suffering from chronic kidney disease and systemic hypertension. He is on regular dialysis twice weekly for sustenance of life.

His monthly expenditure for the treatment is approximately Rs 20,000 including haemodialysis, medications, erythropoietin and travel expenses. The annual cost of treatment would be approximately Rs 2,40,000. He is unable to work. His wife is working but the money is not sufficient for medical treatment as they also have two children. Therefore, they have requested for donations from kind hearted individuals and philanthropists.
