ALL AT SEA | Katie Price strips completely naked as she tugs at boyfriend Krisâ€™s shorts and goes skinny-dipping at beach

KATIE Price went completely naked for a skinny-dipping session on a beach in Thailand with her boyfriend Kris Boyson.

The former glamour girl, 40, made sure all eyes were on her as she shed her bikini to frolic in the sea with her new man.

Katie headed off on a romantic holiday to Koh Samui with Kris last week, and The Sun Online's exclusive pictures show she was clearly desperate to avoid any tan lines.

After pulling off her swimwear, Katie was seen rolling around on the sand at Kris' feet.

She then went in for a dip to cool off while tugging at her boyfriend's swimming trunks.

Kris kept his shorts on, but Katie - who also had a raunchy break at a waterfall last week - strutted her stuff for all to see and walked around on the beach completely naked.
