Still sizzling at 46! Uma Thurman appears youthful in flattering blue bathing suit as she poses away

29/12/2018 08:53 by admin

Uma Thurman has been busy working on the new TV series The Imposters as she takes care of her three children Maya, Levon and Luna.

So it's nice to see the 46-year-old New York City resident have some fun in the sun on Wednesday.

The Gattaca star was seen posing in a swimsuit on Hollywood Beach in Florida as a male shutterbug snapped away.
