Love Island's Lucie Donlan posed topless on the beach in Bali for a steamy photoshoot before she entered the villa. The 21-year-old surfer stripped off down to just a pair of white bikini bottoms as she knelt in the sea in Indonesia ahead of her appearance on the ITV2 dating show.

While a separate shot sees her don her bikini top and pose facing the camera to show off her toned torso.

In the string of images Lucie wears her curly hair down, and dons a choker necklace to complete her look.

Prior to signing up for this year's Love Island Lucie secured a string of modelling gigs, which saw her pose alongside ex-boyfriend Charlie Frederick in some shots.

Lucie is currently coupled up with Joe Garrett in the villa, after having been involved in a love triangle with him and Tommy Fury.

However, Lucie has come under fire from the girls in the group, as well as Joe, for not mingling with the females.

Joe has admitted he has been jealous of Lucie spending a lot of time with the boxer -who is the younger brother of Tyson Fury - which saw them whisper secrets to one another by the pool before they walked off to played eating games in a previous episode.

Lucie broke down in tears when Joe confronted her about her behaviour, and got emotional when Amy Hart urged her to get more involved with the girly chats.

Meanwhile, fans believe things will heat up, once again, between Tommy and Lucie after tonight's vote off.

Tonight two Islanders will be leaving the show and viewers are convinced that the sandwich maker will get the boot – paving the way for Lucie and Tommy to reconnect.
