'Love you forever': 87-yr-old man with coronavirus feeding his wife suffering from same infection le

13/02/2020 20:58 by admin

The video post has been flooded with replies from netizens wishing "speedy recovery" to the couple. "Hope they both recover very soon!" tweeted a user, while another wrote, "This is true love so beautiful to see! Wishing them a speedy recovery."

Shared by Peopleâ€™s Daily, China, the 18-second clip features the man feeding his bedridden wife food and water.

A video of two elderly patients infected with coronavirus has left netizens heartbroken. The video, which has now gone viral on social media, shows the 87-year-old man diagnosed with COVID19 visiting his wife, who too is suffering from the same infection.

Shared by Peopleâ€™s Daily, China, the 18-second clip features the man feeding his bedridden wife food and water.

â€œIâ€™ll love you forever, every single day of forever: An 87-yr-old man diagnosed with #COVID19 held an infusion bottle to visit his wife, also a #COVID19 patient, from the ward next door and patiently gave her water and food. Hope you recover soon!â€• read the viral post, which has left many emotional.
